crit side of 18th-st. between let and 2d-av., near Stuyvesant-square. Apply at Office No. 120 19th-st., one door east of 3d-av.

THE ILLINOIS CENTRAL RAILROAD COMPANY

IS SOW PREPARED TO SELL OVER TWO MILLIONS OF ACRES OF SELECTED

PRAIRIE, FARM AND WOOD LANDS

IN TRACTS OF 49 ACRES AND UPWARD,
to suft purchasers, on long credits and at low rates of interest.

They were granted by the Government to encourage the building of this Railroad, which rone from the extreme north to the satterine south of the State of Illinois. It passes frombend to end, through the richest and most fertile Präiries of the State, dotted here and there with magnificent Oak Groves. The recent opening of nearly 660 miles of this road throws open the lands for cultivation. They are scattered from one to fifteen miles on each side of it, through its entire length.

The soil is a dark, rich mold, from one to five feet in depth, is gently rolling, and peculiarly fitted for grating cattle and sheep, and the cultivation of wheat, Indian corn, &c.

The first crop of Indian corn planted on the newly broken prairie, usually pays the cost of plowing and sometimes fencing. Wheat sown on new turned sod is sure to yield very large profits. One man with a plow and two yoke of oxen, will break one-and a half to two acres per day. Contracts can be made for breaking, ready for corn or wheat, at \$2 to \$2 59 per acre. By judicious management farms may be broken and fenced the first, and under a high state of cultivation the second year.

The larger yield on the cheap lands of Illinois, over high-priced lands in the Eastern and Middle States, is known to be much more than emflecent to pay the difference of transportation to the Eastern market. The rapid increase and growth of fourishing towns and villages along the line of this road afford a growing-boune demand for farm produce.

Coal and wood are delivered along the lond of this road afford a growing-boune demand for farm produce.

Coal and wood are delivered along the line of this road afford a growing-bo

they are vald for and a deed of conveyance granted to the purchases.

REFREST WILL BE CHARGED AT ONLY TWO PER CENT FER INTEREST WILL BE CHARGED AT ONLY TWO PER CENT FER ANNUM.

As a security for the performance of the contract, the first two years interest must be paid in advance, but it must be understood that one-tenth of the land purchased shall yearly be brought under cultivation. Longer credits at six per cent per annum may be necotiated by special application. Twenty per cent from the credit price will be deducted for cash, in which case the Company's Construction Bends will be received as cash.

It is believed that the price, long credit, and low rates of interest charged for these lands, will enable a man with a few hundred dollars in cash and ordinary industry, to make himself independent before all the purchase money becomes due. Meantime the rapid settlement of the country will probably have increased their value four or five fold. When required, an experienced person will accompany spiciants to give information and aid in selecting lands.

Large Plats, showing the precise location of the lands throughout the State, may be seen at the office. Small pocket Plats, as a guide to any part of the Company's lards, and Pamphiets, containing interesting information, accompany by any and plate containing interesting information, accompany to DIPUY, Jis.

letters from respectable farmers throughout the State, mand on application at the office of the Company, No. 52 Mgan-av., Chicago. CHARLES M. DUPUY, Js.

Land Agent Illinois Central Railroad Company

TO BUILDERS.—Sealed Proposals will be received until MONDAY. Feb. 6, 12 m., and no longer, for furnishing the materials and deing the work necessary for the erection of a new SCHOOL BUILDING on the north side of 44th-st., between 10th and 11th-avs., in the Twenty-second Ward. Separate proposals will be received for the Mason's work and materials, and a bidder may 10 addition propose for the whole. Each proposal must state the names and residences of the persons proposed by the bidder as sureties for the performance of his contract.

The plans and elevations can be seen at the office of W. H. WILCOX, Architect, No. 208 Broadway, room No. 15, of whom printed copies of the specifications can be obtained. The Board reserves the right to reject any or all of the proposals, which may be left with any of the following School Officers: R. H. Stennon, Joseph Edwards, S. J. Hoykins, Abijah Ingrun, Dealing, jr., W. S. Fay.

By order of the Board of School Officers of Twenty-second Ward.

S. J. HOPRINS, Secretary.
